## REPORT OF WHITE PINE BLISTER RUST CONTROL

---

To the Chairman,  
Board of Selectmen,  
Rindge, N. H.,  
Dear Sir:

In accordance with the terms of an agreement executed between the town of Rindge, and the New Hampshire Forestry Commission, we are submitting a report of White Pine Blister Rust Control work performed in your town during 1927.

Last March, at their annual town meeting, 77 towns and cities appropriated \$28,800 for Blister Rust Control, in co-operation with the State Forestry Department. This was an indication that irrespective of other important public work, white pine growth is considered a valuable local asset and one worth protecting.

Many are the persons who do not realize that today, Blister Rust Control has assumed almost a work of National scope, for 17 states from Maine to California are engaged in the destruction of currant and gooseberry bushes, the plants which spread this fatal disease from infected to healthy pine trees.

More than 40 towns and cities in New Hampshire have carried on control measures until their pine acres have been covered the first time over. Many other communities are also working with this goal in view.

There is attached to this letter a financial report indicating the expenditures made in your town during 1927 in the eradication of currant and gooseberry bushes. Should there

be any information of special interest to you which is not contained in this report, we shall be pleased to further advise you upon request.

We would also suggest that this report be read at town meeting and such sections as seem advisable included in the annual report of the town.

Respectfully yours,

J. H. FOSTER,  
State Forester.

## REPORT OF THE TRUSTEES OF THE INGALLS MEMORIAL LIBRARY

From January 1st to December 31st, 1927

---

To the Town of Rindge :

The trustees of the Ingalls Memorial Library have the honor to present to the town of Rindge the reports of the librarians of both the Ingalls Memorial Library and the West Rindge Branch Library.

We wish to acknowledge the gift of books and magazines from Mrs. Arthur Allen, Mrs. Ralph Woodbury, Mr. Lucius B. Morgan and others who have made additions to our library during the past year. The value of these gifts we are sure will be appreciated by the readers of the library.

It is with deep sorrow to us that our beloved former trustee, and son of the donor of this library Hon. Herbert I. Wallace of Fitchburg, Massachusetts has been taken from us by death. It is impossible to enumerate the countless deeds of service, generosity, and ability which Mr. Wallace has contributed to our library and town. When we think of him and the service he has rendered it inspires us with admiration for such a lovable character.

We trust that next year our esteemed member of our Board, Miss Mary Lee Ware will be with us much improved in health and able to resume her usual activities. We have missed her. Although in Europe she has remembered us generously with new books for which we are grateful.

As always, we wish to express our appreciation of the faithful services of Miss Brigham, and Mrs. Wetherbee, librarians and Mr. Barrett, janitor.

We still find it necessary to ask for our usual appropriation of \$300.00 from the Town.

Respectfully submitted,

WILLIAM F. ROBBINS,  
HARRIS H. RICE,

Trustees.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

### **To the School Board of Rindge:**

I submit herewith my tenth annual report, this being the twenty-fourth in the series of union supervision.

At the close of the last school year we were able to retain three of our four regular teachers, Miss Hubbard of East Rindge declining a re-election after two years of service, in order to accept a better paying position in Massachusetts.

For this position several candidates were interviewed, and after careful consideration the school board secured Miss Evelyn Bolton, who had taught a rural school in Fitzwilliam during the past four years with success, and who had declined re-election for another year.

Conditions developed, however, which made Miss Bolton feel that she could not continue in this position, and she requested a release at the Thanksgiving vacation which was granted.

For this vacancy Miss Ruth L. Dewar, a teacher of nine years experience, who has done excellent work in difficult schools, was secured.

The enrollment of the schools for the present school year shows a reduction of seven from last year's figures, being eighty-two as against eighty-nine for last year.

During the summer vacation a new heating plant was installed in the Rindge Center school. The conditions in this building during the past few years have been very unsatisfactory in regard to heat during the cold weather. The heating system installed was approved by the State Board, but it seems that certain changes will be required before the present system will properly heat the building during the extreme cold

weather. As the system was guaranteed to heat the building properly during the coldest weather, the company installing the system should be compelled to put it in proper shape without delay.

The West Rindge school, under the charge of Miss Belcher, has shown very satisfactory results during the past year. The enrollment of this school at the opening of the fall term was twenty, but during the month of December, 1927, transfers and new pupils brought the enrollment up to twenty-six, making this the largest school in town, with all eight grades represented.

Miss Crane at the Center Primary school, has sixteen pupils. In order to equalize the number of pupils in the two rooms the fifth grade has been kept in this school, but thus far there have been no pupils in grade four. The work in this school has been exceptionally good.

Miss Runnells has grades six, seven and eight in the Grammar school this year, a total of sixteen pupils. This school, once one of our most difficult schools, has been a fine and orderly school during the past two years, and the pupils are doing good work.

East Rindge still has all the grades represented, but the enrollment, which was twenty-nine in September, has been reduced so that there are now but twenty-three pupils, due to transfers and removals from town.

Conditions in this school have been disappointing, although marked improvement has been shown since the first of December. Much attention has been given to this school. The pupils are capable of doing good work, but it has been necessary to devote far too much time to matters of discipline. Strict attention to school work on the part of the pupils during the remainder of the school year is essential if the East Rindge school is to make a satisfactory showing at the close of the school year.

During the last school year we made arrangements with Miss Geneva Jean Howe of Keene, supervisor of music in the schools of Troy and Fitzwilliam, to devote one day each week to the Rindge schools during the season of open roads. Miss Howe's illness during the first term of last year, and difficult travel during the spring interrupted the work so that very little was done last year, but at the opening of the present school year she began regular trips, and we feel that the work already accomplished in the several schools has been very satisfactory.

The ordinary expenses for another year for books, supplies and teachers' salaries will probably be about the same as for the present year.

I wish at this time to cordially thank the members of the school board, teachers, and all parents and pupils who have co-operated in the important work of maintaining the schools in this town.

Very truly yours,

LEWIS S. RECORD,  
Superintendent of Schools.

East Jaffrey, N. H., February 1, 1928.
